2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

University High School is a 9th-12th grade free public high school located on the campus of Fresno State. UHS provides an accelerated, college preparatory education to approximately 500 students who share a common interest in music. Students receive a strong foundation in music and liberal arts and sciences in a small high school environment, while benefitting from the opportunities available on a large, public university campus. Students take college classes as part of their high school curriculum through a dual enrollment program, and they graduate with a minimum of 21-26 college credits.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

During the 2021-22 school year, improvements were made to the large band room by adding protective beadboard to the walls. In April of 2022, a water heater exploded during spring break and flooded the administration building causing \$300,000 worth of damage. The administration decided to reconfigure the footprint of the front office since the office walls had to be reduced down to the studs. The entire administration office was recarpeted, many rooms were built back from the studs to the wallboard and repainted, and a fresh new look greets the public as they walk in the front doors. The State Fire Marshal has signed off on the construction as appropriate and complete; the most recent approval is dated 11/17/2022.

A large outdoor shade structure is planned for a space that is unused and a current eyesore. This structure will provide shade, protection from the heat and rain, and will have a large industrial fan and lighting elements. This outdoor area will be used as an outdoor classroom space, lunch area, club meeting area, and other space as needed. Covid funds, as well as other funding sources, will be used.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

UHS believes educating students is a community endeavor that only happens when parents, students, and the school staff work together on behalf of the student. UHS is a small school, and our capacity to offer the multitude of programs we have only happens if we receive parent support. Parents are encouraged to get involved with school operations. UHS has its own parent booster group called the "Phoenix Alliance" and all parents can join. Phoenix Alliance provides support and sponsors many

2022-23 Opportunities for Parental Involvement

school related activities, like Magic of the Arts, school concerts, Baccalaureate, Back to School Night, etc. Parents do not have to join an organization in order to help.

UHS sends a volunteer form to each family at the beginning of the year that lists all of the volunteer opportunities available. Parents are encouraged to volunteer with what they can, whether it be in person or with a donation of water or snacks for an event. Phoenix Alliance uses an online program called Volunteer Hub to appraise parents of volunteer opportunities and to register and track volunteer hours.

UHS strives to be as transparent as possible with its community partners. Beginning with the 2020-21 school year, parents and students receive a weekly email from the principal with information about UHS, activities, and upcoming events. Individual student attendance and grades can be accessed online by parents of each student through our data system, PowerSchool. The school website includes a comprehensive view of our school. The daily bulletin is emailed to parents weekly, as well as posted, and regular notices from the school are sent home via email and help to serve any information gaps. Messages through the Remind system are used by the school to do parent broadcasts for both emergency and informational announcements. Since 2018, UHS has also used PeachJar, an email flyer platform, to help cut costs of paper flyers.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.00	4.93	2.45
Expulsions	0.00	0.13	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

University High School's Safety Plan is reviewed annually by the administrative staff and changes are shared with the faculty. The faculty is also asked for their input and ideas. The safety plan is reviewed by the UHS School Board each year and a copy is also sent to Fresno Unified, our chartering district. Since UHS is located on the campus of Fresno State, the Principal or Vice Principal and Office Manager are also part of the Fresno State Safety Coordinator's group. Staff members are given the opportunity to receive CPR training as needed.

The safety plan for UHS is a plan that is relevant to its location on a college campus, as well as being in the unique position of being an independently reporting charter school, while still reporting to our chartering agency of Fresno Unified School District.

Due to the Covid pandemic, a Safe Return to School plan was created and updated as needed and approved by the UHS School Board and Fresno State.

2021-22 Types of Services Funded

Special funding for special education students through the Fresno County Charter SELPA are used for students that have an IEP (Individualized Education Plan). Title I monies are used to pay for after school tutoring. The tutor center is open Monday through Thursday, 3:00-5:00pm, all year long. Students are also matched up with individual tutors if they need personalized tutoring. Special Covid money has been used to purchase technology and equipment to help with instruction (e.g., extra monitors for teachers, more laptops for students, microphones for teachers, etc.).

Professional Development

University High School spends 5 days before school starts in August to train teachers, go over school policies and procedures, help with student registration, and set up for the school year. There is an additional full day inservice in January before the spring semester starts, and 4-5 half days throughout the school year. Teachers spend time in departments, grade level teams, and as a full faculty.

This table displays the number of school days dedicated to staff development and continuous improvement.
